Have you ever remarked over entering a room and forgetting why you wanted to go there in the first place? Or lost keys, phones, and glasses, only to find them in your pocket where you put them moments ago? As we age, we may be aware of and focused on fighting against physical decline, but it is also important to protect yourself against the effects of mental deterioration. The ingredients in Vinco's **Brain & Memory** have been shown to be beneficial in promoting a healthy management of cognition and memory recall.[†]

Acetyl-L Carnitine HCl

- An amino acid naturally produced by the body, and can also be found in red meats
- Can pass through the blood-brain barrier, allowing it to reach the mitochondria in your brain, as well as other parts of the body[†]
- Shown to improve cognitive function and focus, increase mental and physical energy, reduce inflammation, and boost circulation[†]
- Can also help to burn fat and build muscle[†]
- Often used by older adults, but can also be beneficial for young people[†]

Phosphatidyl Serine (from Sunflower)

- Also known as phospholipids, phosphatides are a class of lipids that make up the backbone of the cell membrane
- Phosphatidyl Serine works to protect nerve cells in the brain and enables them to communicate[†]
- As natural amounts decrease with age, it may be beneficial to supplement Phosphatidyl Serine to promote cognitive function and memory[†]

Phosphatidyl Serine may be the most science-backed nootropic overall for supporting long-term brain health and function

Sunflower Lecithin (25% Phosphatidylcholine)

- Lecithin is a substance naturally found in the tissues of the body, which is made up of fatty acids
- Sunflower Lecithin is non-GMO and extraction does not require harsh chemicals
- Lecithin contains choline, a chemical your brain uses to communicate, and so it has the potential to improve the brain's functional pathways, thereby fighting symptoms of Dementia and Alzheimer's[†]

Bacopa monnieri Extract (20% Bacosides A&B)

- A plant found in wet, tropical environments
- Filled with antioxidants, which can help to fight off disease[†]
- Ability to enhance brain function, particularly in regards to memory, learning, and processing[†]
- Potential to reduce ADHD symptoms, including restlessness and self-control difficulties[†]
- May decrease stress and anxiety, as well as lower blood pressure[†]

Huperzia serrata Extract (1% Huperzine A)

- A naturally occurring alkaloid extracted from Chinese club moss
- Has been found to act as a cholinesterase inhibitor, which prevents the breakdown of acetylcholine, a chemical necessary for learning and memory[†]
- Many potential positive effects, including enhanced learning and memory, increased energy and alertness, and protection/treatment against age-related cognitive decline and diseases such as Alzheimer's[†]
